

Model **X101C**

VALVE POSITION INDICATOR

PRODUCT FEATURES

Cla-Val Model X101C Valve Position Indicator is designed to display Cla-Val valve position quickly and easily. A solid stainless steel indicator rod is fastened directly to the valve stem. The adjustable indicator is a collar attached to this rod. The percent of opening scale is attached to the mounting bracket. As the valve opens and closes, the percent open is read directly from the indicator scale.

DIMENSIONS

Valve Size	A INCHES	B NPT
1 1/4"	10.19	1/4
1 1/2"	10.19	1/4
2"	7.45	1/2
2 1/2"	7.17	1/2
3"	7.34	1/2
4"	7.00	3/4
6"	6.69	3/4
8"	6.90	1
10"	9.88	1
12"	9.59	1 1/4
14"	9.16	1 1/2
16"	11.00	2
18"	9.76	2
20"	10.09	2
24"	11.41	2
30"	12.75	2
36"	13.91	2
